

## Placement for Large Sets (16'-20')

Pharmacies with large First Aid departments are destination retailers that offer more variety. Position a larger assortment of Infection Protection products adjacent to the Wound Care subcategory for add-on purchases. This 16' to 20' Large Set provides space enough for 100ct **CareMates Nitrile** and **Vytrile** gloves in more size options. Extend the mask selection to N95 and Earloop masks.

**CareMates** 50ct and 100ct glove packages include a **Hand Sizing Guide** to assist customers to choose the safest size for their hands. **CareMates** product packages also include **Spanish language** on the back panel of the package.
